

## W-Systems offers a fixed price annual contract for Classroom Training

### Cost of Agreement –

The cost of this agreement is **\$3,495**.

### Covered Services –

Agreement entitles customer to send any customer employees to any W-Systems scheduled training class for the period of one year. There is a limit of three (3) participants from one company to any **one** training class. Advanced Training Contract covers:

- All W-Systems Scheduled Web Training Classes (Weekly, 45 minutes)
- All W-Systems Scheduled GoldMine User Training Classes: GM 101, GM 102 (Monthly, Full Day)
- All W-Systems Scheduled GoldMine Marketing Classes: GM201, GM202 (Quarterly, Full Day)
- All W-Systems Scheduled GoldMine Report Design Classes: GM 301, GM302 (Quarterly, Full Day)
- All W-Systems Scheduled GoldMine Administrator Classes: GM 401, GM402, GM403 (Quarterly, Full Day)

W-Systems provides individualized class workbooks and supporting documentation such as manuals and reference manuals as may be useful. W-Systems provides catered breakfast and lunch.

### Class Registration –

Customer employees may register for any class at [www.w-systems.com/web/eventsearch.asp](http://www.w-systems.com/web/eventsearch.asp). Registrants will receive an email confirmation together with directions to the event facility.

### Facilities –

W-Systems training facility supports class sizes of up to twelve (12) students per class and has the following facilities:

- Comfortable Classroom Seating
- Individual Flat Panel Computer Terminals
- Electronic and Paper White Boards
- Internet Access on Student Terminals
- Ceiling Mounted Display Projector

### Advantages of a fixed cost contract

#### Continuous and Systematic Training–

After initial implementation training is often minimized at the expense of utilization of your software investment. New employees are often not properly trained as GoldMine users or GoldMine administrators.

#### Cost savings –

Obtain a wide variety of training at a significant cost savings over on-site training.
